

Table with columns: Circuit, Mounting Style, Capacitance (pF), Digi-Key Part No., Price Each (1, 10, 100), and Tusonix Part No. Lists various EMI filter components like Solder, Press In, and Bushing in different configurations.

Table with columns: Circuit, Mounting Style, Capacitance (pF), Digi-Key Part No., Price Each (1, 10, 100), and Tusonix Part No. Lists various EMI filter components like Eyelet, Bushing, and Solder in different configurations.

† Cut Tape ‡ Tape and Reel ◆ RoHS Compliant

Feed-Thru Capacitors

Note: Please see manufacturer's data sheet for additional information

Table with columns: Temp. Coef., Mounting Style, Capacitance (pF), Digi-Key Part No., Price Each (1, 10, 100), and Tusonix Part No. Lists feed-thru capacitor models like X5U, X5W, X5S, and X7V.

Flexield® Noise Suppression Sheets - Flexible Ferrite Material

Flexield is an absorptive electromagnetic shielding material consisting of magnetic material and resin. It suppresses noise radiated from electronic equipment over a wide range of frequencies...

- Features: • Flexible-will not crack • Well suited for thin and compact devices • Support a wide range of frequency bands • Excellent performance at high frequencies
Applications: • Electromagnetic noise reduction for electric equipment • Internal EMI • Resonance reduction • Amplifier • Radiated noise reduction • Surface current suppression • Improvement of noise immunity • Electrostatic discharge countermeasure • Improved antenna reception sensitivity

Table with columns: L x W x T (mm), Suggested Frequency Range (MHz/GHz), Material Name, Minimum Initial Permeability (u)@10MHz, Digi-Key Part No., Price Each (1, 10), and TDK Part No. Lists various Flexield sheet models.

Digi-Reel® Most SMT cutdown parts are available on a Digi-Reel®. For Digi-Reel part number, change 1-ND to 6-ND or CT-ND to DKR-ND. See Digi-Key® Services on page 2 for additional information.

Free shipping on orders over \$200 CAD! All prices in Canadian dollars and include duty and brokerage fees.
